68 Pin Square ST I.C. Socket (individual) CB101503 6.00
ST I.C. Retention Clip, 68 Pin Square I.C. Socket CB10150450

Solder Tail I.C. Eyelets/Sockets. These individual eyelets allow you to mount an I.C. as close to the printed circuit (P.C.) board as if it were soldered in, but act like a regular I.C. socket. Each eyelet has a gold plated contact and fits flush into existing P.C. hole. These eyelets are good for use on oddball I.C. sizes, (example 6, 10, 12, 32, 52, 60) or single in-line pin devices.

Bag of 200 Eyelets (\$.05 ea.) CB101016 10.00
